

Some people might say that the Kershaw family has dentistry in our blood. I was born and raised in Medicine Hat and my father has practiced at Crestwood Dental Clinic for over 30 years. I knew from an early age that I wanted to follow in his footsteps. In 2010, I graduated from dental school from the University of Alberta and joined my father at Crestwood. Our philosophy has always been to provide patient-centered care of the highest quality.

Believe it or not, teeth are not my only interest! I have always loved sports. Growing up, I played hockey, golf, roller hockey, baseball, and softball. Much to my wife's chagrin I played nearly 100 rounds of golf last summer. This past year, I took up squash and have begun to really enjoy the sport. I must admit that during the football season you can find me glued to the TV, watching the Pats! A healthy lifestyle is also very important to me. This has lead me to a new passion - cooking! In the past few years, I've really taken to it and can be frequently found in the kitchen, whipping something up. I am famous for my braised short ribs!

I have been married to my wife, Sarah, for the past 5 years. Sarah also grew up in Medicine Hat and has an active law practice at Stringam Denecky. She shares my belief in an active way of life and has somehow duped me into running a half-marathon with her in the near future. We enjoy travel and delving into local culture and cuisine. We both have a passion for good food and wine and this has lead us to visiting wineries and vineyards throughout North America.

Growing up in Medicine Hat, we are surrounded by so many friends and family. This has provided me with a strong connection to the community. This carries over to my profession as well. Honesty, integrity and the patient's best interest are vital to my dental practice.

Crestwood Celebrates 40 years of service in the community this year and I just want to say thank you to Medicine Hat for embracing my practice and I look forward to serving you as a next generation care giver.

I am here to serve!
